stop crime fast with the

XENON FLASH

DISORIENTATION STROBE LIGHT

Suitable for a wide range of applications

Quality assured performance and reliability

Simple installation and integration

THE PERFECT PARTNER TO SMOKE

The XFP line of products further complement the security smoke range. By producing an intense light effect, the screening properties of any Security Smoke is magnified immensely. Imagine driving into thick fog and then turning your vehicle's full beam on and you will get a small idea of the effect.

The unit itself, is small, robust and designed with style in mind. Using this line of products means that lower volumes of smoke (and hence smaller, cheaper fog generators) can be employed to incredible effect.

SIGNIFICANTLY AMPLIFIES THE EFFECT OF SMOKE SCREEN

ROBUST AND STYLISH DESIGN

FACILITATES SMALLER SMOKE GENERATORS

FEATURES
